Social Policy

THE GROUP OF COMPANIES IS COMMITTED TO PROMOTING CORPORATE SOCIAL RESPONSIBILITY

RURAL DEVELOPMENT

Agropromkomplektatsiya Group of Companies actively participates in the implementation of social projects under the Integrated Development of Rural Areas programme in collaboration with federal, regional, and the Russian Federation's Ministry of Agriculture. In the Tver Region, significant infrastructural facilities have been built and renovated in the rural settlement of Dmitrogorskoye. Next in line are new communities in the Kursk and Tver Regions.

SPORTS

In the areas where it operates, Agropromkomplektatsiya Group of Companies carries out a number of significant social investment projects and establishes welcoming environments for people to maintain a healthy work-life balance. Fitness centers offer discounted training to Group of Companies' employees who live an active lifestyle. Annually, a variety of locations host corporate tournaments featuring sports like volleyball, table tennis, and football.

EDUCATION

Agropromkomplektatsiya has been supervising Dmitrievsky Agrotechnological College since 2019, which aids in creating a pool of highly skilled individuals for agro-industrial complex. The Group of Companies contributed to the reconstruction and modernization of the educational institution as well as the expansion of the specialisations available for study.

ACKNOWLEDGEMENTS

The Group's employees received a commendation from the President of the Russian Federation for their services in the development of the agricultural sector and labor achievements.
